Grip Attacked by a Shark. Capt. R. H. White, of the schooner-

yacht Aida, and his mate arrived at Richmond yesterday with a thrilling story of shipwreck in Mobjack Bay. Their vessel was wrecked in the heavy blow of Wednesday night. The masts were blown out of the boat, and she finally turned turtle. The captain, mate and negro cook dived in time to save themselves from being caught under the boat. Having cork jackets, they swam for shore, two
miles away in comparative safety. When
nearing land and nearly exhausted they
were attacked by a shark, and the negro
was bitten on the leg and is now under treatment of a physician at Mobjack.
They scared the shark away by concerted beating and shouting until they reached shallow water. The yacht, owned by Captain White and valued at \$1,800, was a complete wreck.

Watching the United States.

The results of the Chicago convention arrived at St. Petersburg too late for press comment yesterday morning. .The Novoe Vremya devotes a long editorial to spec vremya devotes a long centorial of speculation regarding the object of the enormous naval expansion of the United States, saying: "It is difficult to suppose it is for a pacific purpose, and more difficult to imagine it is due to fear of aggression on the part of a European power." Continuing, the paper declares that the only presumption left is that the United States is preparing to at no distant future to attack someone, and warns the European statesman to "beware of the boundless appetites of American exporters for markets which, other means fail-ing, must be won by force of arms."

Triumphs of Modern Surgery. Wonderful things are done for the human body by surgery. Organs are taken out and scraped and polished and put back, or they may be removed entirely; bones are spliced; pipes take the place of diseased sections of veins; antiseptic dressings are applied to wounds, bruises, burns and like injuries before inflammation sets in, which causes them to heal without maturation and in onethird the time required by the old treat-ment. Chamberlain's Pain Balm acts on this same principle. It is an antiseptic and when applied to such injuries, causes them to heal very quickly. It a'so allays the pain and soreness. Keep a bottle of Pain Balm in your home and it will save you time and money, not to mention the inconvenience and suffering which such injuries entail. For sale by Richard Gibson and W. F.
